Our Promise To
Parents/Caregivers

We recognize that the choice to vaccinate may be an emotional decision for some parents.

We promise to do everything possible to address your concerns by providing you with valid scientific evidence from reliable sources so that you may make an informed decision

Phone: 765 456-2408

Vaccine Statement

We Firmly believe in the effectiveness of vaccines to prevent serious illness and to save lives.

We firmly believe in the safety of vaccines

We believe that all children and young adults should receive all of the recommended vaccines according to the schedule published by the Centers

for Disease Control (CDC) and the American Academy of Pediatrics.

We firmly believe, based on all available literature, evidence and current studies, that vaccines do not cause autism or other developmental disabilities.

We believe that vaccinating children and young adults may be the single most important health-promoting intervention that parents/caregivers can provide.
